## Santa Claus To Arrive On Friday —Twice

Parade, Free Matinees  
Downtown; Parachute  
Landing At Bellemore

Santa Claus, that ever-per-  
plexing gentleman, is sched-  
uled to arrive twice in the  
Quad-Cities on Friday.

His initial appearance, "by  
mysterious conveyance," will be  
in Venice at 9 a.m. followed by  
a parade through the Quad-  
Cities along Broadway and on  
Madison avenue to Bellemore  
Village shopping center.

He will stage his second ar-  
rival at 2 p.m. by parachute  
(weather permitting), with a  
landing on the Coolidge junior  
high school grounds, opposite  
Bellemore Village.

The 9 a.m. arrival will be  
announced by the Quad-Cities  
Venice. McKinley Bridge Minis-  
terial Association, will be  
where he will distribute candy  
to children on hand to greet  
him. At 9:05 while on the pa-  
rade, 21st street and Cleve-  
land route, he will stop at the  
Venice post office, 414 E. 21st  
way, and at 9:35 a.m. he will be  
at Third street and Madison  
avenue in Madison to greet  
youngsters.

The parade will take him  
along Madison avenue and on  
Namekooki road to the Bellemore  
Village shopping center, where  
he is to arrive at 10 a.m. to give  
candy to youthful admirers.

From there he will go via  
Madison and Niedlinghousen-  
avenue to his log cabin headquar-  
ters, already placed at 19th  
street and Edison avenue, with  
his arrival set for 11 a.m. Again  
he will distribute candy to all  
his visitors, and he will have a  
photographer on hand to take  
color or black and white pic-  
tures of youngsters on his lap.

**Matinee Starts At 9 A.M.**  
Santa's local "helpers," the  
Associated Retailers, have ar-  
ranged for the annual matinee  
program at Washington The-  
atre, with movies starting at 9  
a.m. and continuing until 6 p.m.

Stores will be open until 8:30  
p.m. Friday and until 6 p.m. Sat-  
urday. The theatre will have a  
day shopping night hours on  
Monday, remaining open until  
8:30 each evening, except Sat-  
urdays, until Christmas.

Also next week, the Retailers  
will begin to supply parking  
meter patrolmen with nickels  
to provide an extra hour's park-  
ing for downtown shoppers.

Santa's downtown headquar-  
ters will be open until 8:30 p.m.  
Friday and from 11 a.m. to 6  
p.m. Saturday with a photog-  
rapher on hand to take pictures  
of children on Sat. 11.

This year the photos will be avail-  
able in color as well as black  
and white. The regular hours of  
Santa's visits at his headquar-  
ters will be announced next  
week.

Santa's second arrival at  
Bellemore Village shopping cen-  
ter will be announced by the  
Bellemore Merchants  
Association, with the coopera-  
tion of Airborne Sports Para-  
chute Club at Lakeside Airport.

**10-Second Free Fall**  
Fred Barr, president of the  
association, said Santa will  
jump (weather permitting) from  
3000 feet and will thrill onlook-  
ers with a 10-second free fall  
before opening his chute.

"He's to land on the athletic  
field at Coolidge junior high  
and we sure hope he makes it  
there," Barr said, adding that  
he is asking all youngsters to  
keep the field clear for a safe  
landing for Santa.

Upon landing, Santa will  
greet youngsters and go to his  
headquarters in the shopping  
center, the former H&R Furni-  
ture Co. store, to talk to them  
and distribute candy treats. His  
hours for regular visits to the  
headquarters there will be an-  
nounced next week, Barr said.

New decorations, strands of  
lights and lights across down-  
town streets, along with bells,  
angels, wreaths and candles, are

**President Kennedy  
Memorial Service  
By Madison Council**  
The Madison city council held  
a memorial meeting last night  
to respect the memory of the  
late President Kennedy.

The only business to be con-  
ducted was the reading and ap-  
proval of the minutes and the  
roll call.

The meeting opened with recita-  
tion of the Lord's Prayer.  
Mayor Stephen Maerz presided  
and brief remarks on the national  
tragedy which shook the nation  
and the world last Friday.

In quoting one speaker of the  
weekend, he said "every man  
who harbors hatred and bigotry  
is a part of the problem. It is  
society that trizes. That com-  
ment 'really struck home'."

Mayor Maerz also called for  
self-examination from time to  
time to prevent the repetition  
of such attitudes within ourselves.  
He ordered the draping of the  
front of the city hall with black  
cloth for a 30-day mourning  
period.

street and hit a utility pole on  
Third street near State.

He suffered an arm fracture  
and leg injuries.  
Madison police said the auto  
was badly damaged. The driver,  
who was alone in the car, was  
transported to the hospital in another  
auto.

At the hospital, today, Perron  
was listed as in fair condition  
with two fractures of the left

## Five Units To Measure Sulfur In Air Here

Part Of Air Pollution  
Study Network; Will  
Begin Next Monday

Five of a network of 20 sta-  
tions to measure the amount of  
sulfur dioxide in the air will  
be located in the Quad-Cities  
and will begin functioning next  
Monday, it was announced to-  
day at the St. Louis office of the  
Interstate Air Pollution  
Study group.

The sampling equipment will  
be mounted on utility poles  
about 10 feet above ground  
level and is designed not only  
to measure sulfur dioxide in the  
area but also to provide scientific  
information of the disper-  
sions of gaseous pollutants in  
the Illinois-Missouri metropol-  
itan area.

Of the network of 20 stations,  
12 are to be located in Illinois  
and eight in Missouri. A spokes-  
man for the U.S. Public Health  
Service said the locations were  
determined on a basis of meteor-  
ological factors, such as prevail-  
ing wind direction and velocity.

**Quad-City Locations**  
The locations in this area will  
be in the vicinity of East 23rd  
street and Edwardsville road; in  
the industrial area west of  
Madison, opposite about Fourth  
and State streets; the vicinity  
of Route 3 and West Pontoon  
road; along West 20th street  
near the canal locks and in  
Venice near Fourth street and  
Broadway.

"Sulfur dioxide," the public  
health staff pointed out, "is one  
of the most pollutants in urban  
air and is produced chiefly by  
the burning of sulfur-dioxide  
fuels in homes, power plants and  
the world last Friday."

## 2000 To Participate Girl Scout 'Festival Of Giving' Set For Sunday

More than 2000 Girl Scouts  
and leaders are to participate in  
the annual "Festival of Giv-  
ing" program to be held Sunday  
at the Madison Memorial  
Center and at Granite City  
high school Memorial gymna-  
sium. It was announced yesterday  
by Mrs. Bernard Miller Jr., chair-  
man of River Bluffs Council  
District Four.

The program at the Madison  
center, Seventh street and Lee  
avenue, will be under the direc-  
tion of Miss Dorothy Elison  
while Mrs. John Brinkmeyer is  
in charge of the program at  
GCHS gym.

Both programs will begin at 2  
p.m. Sunday and are scheduled  
to last until 3:30. The Madison  
program will be for Brownies,  
Juniors, Cadets and Senior Girl  
Scouts of the neighborhood area  
while the Altonwood area pro-  
gram will be for girls of Neigh-  
borhood Two, Three, Four and  
Five.

The girls are donating canned  
foods, Christmas trees and hand-  
made Christmas tree ornaments.  
The food items are to be turned  
over to the Red Cross, Salva-  
tion Army, Catholic, Jewish and  
Protestant Welfare Agency  
for distribution at Christmas  
time. The decorated Christmas  
trees are to go to the children's  
department at St. Elizabeth Hos-  
pital.

The programs are to include  
the singing of carols and other  
entertainment. Also in the  
planning of the "Festival of Giv-  
ing" programs are Mrs. Wilma  
Harvey, Mrs. Helen Sandberg  
and Mrs. Doris Volaw.

Were interceptors clearly fit  
to use the overall treatment pro-  
cedure by reducing the amount  
of sewage to be treated, there is  
no question but that they could  
be built under the same revenue  
bond issue, it was said. In such  
cases, voters would have no right  
to petition for a confirming elec-  
tion.

While such decisions ultimately  
are made by bond houses, the  
only exceptions have been in  
cases where the public health de-  
partment has listed for inclu-  
sion in the public health de-  
partment said. The Madison ap-  
proach differs from the Granite  
City program, it was pointed out.  
Further substantiating his  
views, the official commented  
that the city has 600 interceptors  
as well as treatment plants  
for federal financial aid.

**Undergo Surgery At  
St. Elizabeth Hospital**  
The following are recovering  
at St. Elizabeth Hospital from  
surgery which they underwent  
last night.

street, Madison; O. T. Confort,

ington avenue.

## Bond Proposal For GC Sewers Loses 732-1364

\$1,715,000 Bond  
Issue Ordinances  
To Be Prepared

Only 2202 Votes Cast;  
Council Now Planning  
Larger Treatment Plant

A "moral obligation" owed by  
Granite Cityans to the state  
Sanitary Water Board to com-  
mitly ward to the extended De-  
c. 1 deadline was stressed last night  
by Alderman William McGee.

Meeting last night in a regu-  
lar session, postponed until  
yesterday because of the national  
tragedy, the council reviewed  
the election and then authorized  
the bond attorney to prepare  
ordinances for issuance of a  
\$1,715,000 revenue bonds for  
construction of a sewage treat-  
ment plant.

Notification of the election re-  
sult and the council's action last  
night in authorizing the prepara-  
tion of the ordinance to issue re-  
venue bond issues is to be for-  
warded to the state Sanitary  
Water Board at Springfield.

**Not Meeting Deadline**  
However, members of the Special  
Pollution committee said  
that action would comply with  
the Sanitary Water Board  
order of last summer which set  
a Dec. 1 deadline for the city to  
show proof of bond issue author-  
ity and a construction schedule  
for the treatment plant.

Bond Attorney William Beatty  
said it would not be possible to  
have the ordinance prepared and  
ready for presentation at next  
Monday night's session, Dec. 2.

Pollution Committee Chair-  
man Charles W. Moerlein said  
that the city, even before the  
proposal, lost, if there had  
been a larger turnout, he said.

The unofficial count showed 2202  
votes were cast, compared to  
over 7500 in the October 1962  
turnout of a \$10,000,000 drain-  
age and pollution abatement pro-  
gram.

Alderman Steve Baschuk com-  
mented that only about 10% of  
the eligible voters went to the  
polls.

**Carries In 2 Precincts**  
The bond issue carried in only  
two of the city's 25 precincts—  
precincts 23 and 24. In the First  
Ward Precinct 23 at 1300  
Granite avenue and by six votes,  
Ward 3, in Second Ward Pre-  
cinct Six at 2200 East 24th  
street.

In October 1962 the \$10,000,  
000 drainage-pollution abate-  
ment proposal lost by 2007 votes  
—4882 "no" and 2475 "yes."

If the bond issue had carried,  
the council had planned to erect  
a \$1,417,000 sewage treatment  
plant with revenue bonds instead  
of the \$1,715,000 plant now being  
proposed. The Special Pollution  
committee pointed out the inter-  
ceptor sewers costing the \$2-  
2,000,000 would have permitted  
drainage water and industrial

**State Resets Hearings  
For 2 Liquor Licensees**  
(Special from Springfield)  
Hearings for two Quad-City  
liquor licensees were postponed  
here Monday until next Monday  
due to the President's funeral.  
Scheduled for hearings before  
the Illinois Liquor Control Com-  
mission are the local DAV Club,  
1147 Nineteenth street, on its  
purchase of a \$250 U.S. gam-  
bling stamp, and Malcol Smith  
doing business as the 718 Club,  
718 Main street in Venice, on a  
retailer's occupation tax case.

**Tailed In Quick Order**  
The first returns from polling  
places were received at 8:30 p.m.  
just 10 minutes after the polls  
closed, and the last precinct re-  
sults were tallied at the clerk's  
office by 7:30 p.m. The vote  
canvass is to be conducted by  
the council next Monday night.

In October 1962 the \$10,000,

## Dog Pound Bill Brings Out Reason For Delay

Bills and half-month salaries totaling \$30,684 were approved last night by Granite City council members, and a quiet dinner was raised concerning the two-year span of bills for the new city dog pound.

The question was raised by Edmund Bartoski concerning \$138 paid to Nelson Electric Co. for materials. Donald Partney replied that the city had funds to build the structure for the pound and that the mayor had "begged" free labor from the unions with the city furnishing materials.

He said union plumbers and bricklayers working free on the city building often became disgruntled and quit because while they were working on the pound, some off-duty city employees would be doing plumbing and bricklaying.

Bartoski asked that Comptroller John Doehner supply a figure on the cost of the building to date.

Of the \$30,684 total, \$16,920 was for bills and \$3,714 for half-month salaries. Largest item was the \$12,291 to United Disposal Corp. for trash and garbage pickup. Reports to the diesel engine on the large road grader cost \$1364, and \$1554 was paid to Gunther Sales Co. for 84.75 tons of salt.

Expense allowances were \$190 for Mayor Davis, \$30 for Police Chief Willard, \$20 for Assistant Fire Chief Donkey, \$60 for Building Inspector Bloomquist and \$30 each for Aldermen Basch, Bergfeld, Boyd, Norn, Skubish, Whittier and McGee.

## Bi-State Transit Reduces Deficit, Operates In Black

The Bi-State Transit System operated "in the black" during October. It was reported at a meeting of the Bi-State Development Agency Tuesday morning in St. Louis, and its operating deficit for the seven-month period was decreased to \$25,000.

Following six months of operations, the deficit was still at \$88,577, showing a reduction of about \$46,000 for a one-month period.

## Public Hearing Policy

The board adopted a new policy to schedule and hold public hearings in advance of any proposed fare increases in the transit system.

A long discussion was held on the problems of the agency in making its position known, especially in the past when it was unable to hold public hearings.

The new policy was adopted because of misunderstandings following announcement of the last fare increases which did not take effect for about two months. The time lapse was set to permit interested groups to contact the agency, it was explained, but many persons did not understand this.

**Request By St. Louis**  
The agency also considered a request by St. Louis Mayor Raymond Tucker to eliminate all sufficient street car lines. It would require purchase of about \$2 million in additional capital equipment, but the agency could not bear those costs involved, it was decided.

Operators of the transit system were authorized to continue with city officials in attempts to find a solution.

Col. R. E. Snyder, executive director, reported on progress on Bi-State's role in regional planning. He said a committee is being appointed.

At the beginning of the meeting, R. H. Richards of Alton, new commissioner recently appointed by Gov. Kerr, was introduced and took his seat for the first time.

Armstrong told police the brakes on his car failed. There was no damage to the car and no one was injured.

over 10 or 15 years, eventually to be a smaller version of the park.

The firm would make plans in three phases: 1. The design plan—creating a park that will balance the needs of all age groups.

2. The engineering plan—outlining physical features to be constructed. 3. The planting plan—installation of trees and shrubs.

The board agreed with Moulds that the best procedure might be to pay a flat fee for a complete set of plans, rather than a partial set, so that succeeding commissioners would have guide lines for the future development of the park.

In other action, the commissioners voted to use a park district employee for part-time custodial work at the Community Center. The employee will help John Birdsong, who has been combining as custodian and recreation program director. Birdsong's recreational load has recently been increased.

The also voted to buy a power cutting saw for \$179.95 and a floor polisher-scrubber for \$299.

Harold Brown, superintendent of parks and recreation, listed the following number of participants in fall and winter activities: Squash dancing 534; roller skating 200; gymnastics 150; tiny tots 35; adult handicraft 75; movies 300; dog training 15; dance classes 50; drama classes 25; basketball 600; girls' bowling 130; boys' bowling 40; touch football 189; Boys' Optimist Club 25; ladies' physical fitness 70 and wrestling 60.

## Stops At Three GC Intersections Ok'd

Installation of stop signs at three intersections was approved last night by Granite City council members.

The signs are to be located on Buxton avenue at Faith avenue on 20th street at Edison avenue and on Warren avenue at St. Clair avenue.

The ordinances setting the signs were placed on final passage, but not until after Alderman Samuel Whittier questioned if traffic counts had been made to determine if traffic was sufficient to meet requirements set by the state.

He was told no counts had been made, but that the alterations of the first stop sign ordinance had then commented, "I give up" and voted approval on the other two.

Alderman Donald Partney also questioned the request at 20th street and Edison avenue, pointing out the location was on the border of the Fourth and the Seventh wards. He suggested that aldermen of wards involved should be notified in advance.

His companion alderman, Paul Rutledge, said he had received a request some time ago but was unable to get it through the traffic at the intersection to meet state requirements.

cooling water to flow directly to the river without being treated. While the current proposal is to call for issuance of \$1,715,000 in 35-year revenue bonds, the city may possibly qualify for a federal grant of up to \$500,000, which would reduce the amount of bonds to be issued.

The estimated monthly fee for a single family dwelling for the larger treatment plant has been given as \$110, compared to the present estimated monthly charge for the smaller treatment plant along with an 11-cent increase in property taxes to cover the \$2,200,000 interceptor sewer construction.

### MHS Homecoming Dance Set Tonight In School's Gym

Madison high school will hold its annual Thanksgiving eve Homecoming dance at 8 p.m. tonight in the school gym.

Invitations have been extended to all parents, faculty and alumni. Decorations will follow the theme of "Cool Cat."

Members of the school's home economics department, under the direction of Miss Grace Drickton, began work on the decorations several weeks ago.

With the aid of several junior and senior students, members displayed the decorations on the day of the dance, and numerous tables during their study period today.

An orchestra will provide music, and entertainment will be presented by the school's beginning home ec course.

#### Hordesky Join Sorority

Diana Hillen, daughter of Mr. and Mrs. Kenneth Hillen, 2125 Richmond avenue, and Karen Hordesky, daughter of Mr. and Mrs. John Hordesky, 2017 Wayne avenue, are among new members of Epsilon chapter of Kappa Delta Epsilon, professional education sorority at Illinois State Normal University.

Miss Hillen is an English major and Miss Hordesky is a social science major. The sorority includes junior and senior women who have shown they have high standards of scholarship, leadership and character.

Classes were dismissed for the day, and many youths holding part-time jobs were not required to report for work.

Many of the students first heard of the assassination of the President last Friday in Dallas while at lunch or while in class. Some reacted with disbelief and most were stunned.

The reports were confirmed by teachers and principals through intercommunications networks. They spent the weekend following developments along with adults.

After experiencing the rare national tragedy, students next will turn their thoughts to Thanksgiving tomorrow and will have the day off Friday in the annual observance of Thanksgiving Day.

Classes are to resume on Monday. With only a two-day school week this week, many school activities have been disrupted or were postponed.

## Activities Scheduled

### JA Directors Inspect New GC Business Center

Members of the board of directors of Junior Achievement of the Mississippi Valley region toured new JA centers Monday night in Granite City and Alton.

Members boarded a chartered bus in St. Louis, traveled to Alton to inspect facilities there and then spent about a half hour at the Granite City business center, watching operations of four Junior Achievement firms counseled by American Steel Foundries and Union Electric Co.

Firms in operation at the time and their products were Amco, drive away reflectors; Jacco, judges Amoco, aerosol spot remover; and Thircro, embossed match books.

The group then attended a dinner at Tony's restaurant near Mitchell, with C. E. Townsend, a JA director and editor of the Press-Record, serving as host. A board meeting followed. Among those attending were James McDonald of General Steel Industries, Nicholas Veeder of Granite City Steel Co., Allen H. Burgess, JA area president, and Hermann Spoorer, chairman of the board of directors.

Several area activities are on the schedule for the teenagers. The annual JA convention will be held Dec. 27-30, drawing thousands of Achievers from 10 states into St. Louis.

John Davis Lodge, national JA president, and former governor of Connecticut and ambassador to Spain will visit the area on Jan. 7 to lend an impetus to fund raising.

National Junior Achievement Week will be observed around the end of January, and the annual JA coronation ball will be held Jan. 24 in St. Louis.

Other activities include the officer of the year contest, company of the year program, scholarship competition and the annual banquet in the spring.

Ken Ferro, Granite City high school student, who is featured in today's Youth Focus of the Press-Record.

### Young, Busy Man Excels In Drama, Speech And Sports

Being active in dramatics, swimming, cross-country, basketball and track, along with being Teen Town council president and active in many Granite City high school functions would be plenty to keep any young man busy.

"But I'm always ready to try something new," said Ken Ferro, 16-year-old son of Mr. and Mrs. Peter C. Ferro, Rural Route One.

Ken's interest in dramatics started in the sixth grade, portraying Al Jolson in "A Salute to Broadway," an original play written by fellow classmates. In the same year, he had the part of Curly in the "Oklahoma" presentation at Prattville, junior high school. That summer, Ken won second place in an Optimist club's speech contest.

Deluxe Speech Awards "Charlie's Aunt," a homecoming play, featured Ken in the lead part in his sophomore year. He also participated on a 4-0 record of victories.

In his junior year, Ken's part in "Pygmalion" enabled him to take the sections at Carbondale, and then to state competition at the University of Illinois. That year, he also received the Mask & Gavel national chapter star award in speech.

Ken's interest in dramatics is at least equaled by his interest in sports. In his sophomore year, he participated in cross-country, basketball and track.

As a junior, he lettered in track, winning third place in the conference half mile run. Active in swimming for about nine years, Ken currently holds the Red Cross senior life saving certificate.

Interest In Psychology With aspirations to become a psychologist, Ken makes it a point not to allow his extra-curricular activities to affect his school work. He is current president of the National Honor Society, Granite City chapter.

Socially, Ken is kept busy by being Teen Town council president of the YMCA, and treasurer of ROCA Young Men's Club.

Ken is an excellent example of today's teenager being active and adept in a wide variety of fields, his advisers state. As Ken put it, "I'm the kind of guy that you can't down."

### 4 Named To Posts At SIU Residence Halls

Four area students at Southern Illinois University, Carbondale, have been named officers for the 1963-64 school year of Thompson point, SIU's largest on-campus living unit housing about 1320 students.

They are Jean L. Luschig, 3123 Colgate place, judicial chairman of Kellogg Hall; Mary Beth Wood, 2406 Edison avenue, social chairman of Steagall hall, third floor; Mary Ann Staiko, 1201 Madison avenue, Madison, judicial chairman of Smith hall; and Kathy Smith, 1707 Fifth street, Madison, president of Baldwin hall, third floor.

## Granite City Downs Cahokia, 65-62 In Opener

Granite City won its opening high school basketball game last night at Cahokia, but not by much.

The Warriors, hurt by poor free throwing and harassed by the surprisingly good Comanches, won the varsity contest 65-62. The Warriors, who had 14 points, were led by Coach Andy Sullivan. "It was a much better ball club than I expected," said Coach Andy Sullivan.

Coach Andy Sullivan's team was supposed to be greatly hindered by lack of experience, with only one letterman returning. That letterman is 5-5 Tom Stein, who hooped 13 points last night.

Sullivan understandably was upset by the Warriors' free

throwing. They made only 11 of 25 for 44 percent at least 75 percent," he said.

The Comanches sank 64 percent of their free shots.

Larry Lilley, the Warriors' sharpshooting guard, sank seven of 11 field goals attempts and finished with 20 points to lead the team.

Joe Hiles, who had 14 points, and Elton Hall, 12, both made six of 10 field shots.

Jim Cant scored 10 points and was the team's leading rebounder with 13, although he sat out most of the second quarter. Next was Hall with six rebounds.

For Cahokia, Ron Masters matched Lilley's total of 20

points—10 of them scored in the fourth quarter as the Comanches tried in vain to catch the Warriors. Greg Rhodes had 16.

Despite the final margin of only three points, Granite City held a commanding lead throughout most of the final period. Cahokia cut the edge to four points early in the quarter, but after that the Warriors stayed out in front by six to nine points until the final minutes.

In rebounding—the 6-5 Stein—the Warriors prevailed, 11-1 on offense and 18-12 on defense.

"We didn't play too badly overall," said Coach Sullivan. "We should have broken it wide open but we never did."

In the junior varsity contest, Cahokia won 38-31. Chuck Mikulsky's 11 and Joe Hauptmann's 10 topped the young Warriors. Rich Eden and Duane Galtner hit 10 each for the winners.

## Venice Clips Eagles For 3rd Cage Triumph

Continuing to wing along, the Venice Red Devils last night knocked off the visiting Columbia Eagles, 70-62, in a non-conference prep basketball game.

The triumph was the third in four starts for Coach Bill Olenendor's club, and the coach himself was quite impressed.

"That was the best ball game I've seen us play in three years," he said.

The Red Devils didn't pull away until the final period after Columbia had tied the count at 56-44. Venice had held a 49-44 third-quarter edge.

The individual surprise of the night was Venice senior Mike Edwards, who came up with nine field goals in scoring 19 points.

Edwards had trouble in the first three games, hitting only seven of 44 shots. But last night he hooped over 40 percent of his tries.

"I had thought before the season started that he would be one of our top shooters," Olenendor said.

### Barnes Top Netter At Murray State

Mike Barnes, a freshman at Murray (Ky.) State College, will be competing for the sixth and final time in the national junior indoor tennis meet, which runs tomorrow through Sunday in St. Louis.

Barnes, son of Mr. and Mrs. Alvin E. Barnes Jr., 2615 Edison avenue, is ranked No. 1 on the 12-man Murray State varsity tennis squad.

The freshman beat Bill Bowen, 6-4, 6-2, in a challenge match for the honor. Bowen, a senior from Flora, Ill., had been No. 1 for the past two seasons.

Barnes is a former tennis standout at Granite City high school.

Also hitting double figures for Venice were Rich Essington with 12, John Robertson 11 and Paul Sutton 10.

Faced by Sutton, the Red Devils outrebanded the Eagles, 46-38. Columbia's Leon Oxner was the game's high pointman with 22.

A free throw and a field goal by Edwards broke the 56-44 tie and sent Venice rolling along in the fourth period. Save for that tie, the Devils led throughout the contest.

The Venice Jayvees lost their game, 41-21.

**Park Leagues To Roll**

The boys' and girls' bowling leagues will operate as usual Saturday, despite the Thanksgiving holidays, the Granite City park district has announced.

## Boys Initiate Cage Program On Saturday

The Granite City park district's basketball program for boys in grades three to six will begin Saturday morning at four sites.

Harold Brown, director of boys' and recreation, said fifth and sixth graders should report to play from 9 to 10:30 a.m., and third and fourth graders from 10:30 a.m. to noon.

Boys will meet with supervisors at the basketball center nearest their home. They are located at Nankooki school, the Community Center, Coolidge and Prather junior high schools.

According to Brown, the breakdown by schools will be roughly as follows: At Nankooki, boys from St. Elizabeth, Frohardt and Nankooki schools; at Coolidge, boys from Wilson, Marshall, Sacred Heart, Weisler and parts of Niedringhaus and Frohardt schools; and at the Community Center and Prather (depending on which is closest) boys from McKinley, Emerson, Washington, Logan and St. Joseph schools.

Brown reminded boys to bring \$1 to cover their insurance. Tennis shoes must be carried to the gymnasiums and put on at the basketball floor.

Also beginning Saturday will be open basketball play for all residents of the park district from 1 to 4 p.m. at Coolidge junior high.

Other schools in Southwestern Illinois have called it quits for the 1963 football season. The sport is still very much alive at East St. Louis Senior and Belleville Township high schools.

Those schools get together for the 48th time on Thanksgiving at 10 a.m. tomorrow at Parsons Field in East St. Louis. More than 10,000 spectators are expected.

The game will decide: 1. The champion of the Southwestern Conference. 2. The individual scoring leader in the area and the conference.

East Side's Flyers and the Maroons both have 3-0 conference records. Overall, the Flyers stand at 5-0-1 and the Maroons at 9-1-0.

**Offense Vs. Defense**

Featured will be the fast-moving Belleville offense, which has averaged 28 points a game this season, against the stubborn East St. Louis defense, which has yielded an average of just 3.4 points to 10 opponents.

Senior fullback Leroy Johnson of Alton currently leads area and conference scorers with 90 points. But his Belleville counterpart, Jim Goodwin, could catch him with a good day. Goodwin is two touchdowns behind with 78 points.

Next in the list are players who have completed their seasons. They are: Sammy Ellis, worth 78 of East St. Louis.

## Trojans Face Sparta In New Gym Saturday

Two years ago, the Madison high school basketball team went to Sparta and came home with a 73-69 victory and a broken wrist.

The fracture belonged to Charlie Venarsky, a starter for the Trojans, who banged into the wall of Sparta's creaky gymnasium. Although his team went on to win 28 straight games, the Venarsky incident made Coach Earl McClellan quite unhappy.

"I told them (Sparta officials) then that we wouldn't come back as long as they had that old gym," said McClellan.

So Saturday night, Sparta will dedicate a new gymnasium before its Bulldogs tangle with the Trojans.

"I guess we helped them get the new gym," McClellan said. "The Sparta principal said the fact that Madison and other schools were refusing to play there was a big point in passing the bond issue."

**Bell Sure Starter**

The Trojans' lineup is unsettled, with one exception. That's Cecil Bell, 6-2 senior who led

area scorers last season with a 27.7 average.

"Except for Bell, no one is a clean-cut starter," McClellan said.

Two other regulars from last season are candidates for the starting lineup. They are Hayes Wright and John Summers, juniors Mike DeVong, Bob Skinner, 5-10 senior.

Others include seniors Ollie Wright and John Summers, juniors Mike DeVong, Bob Fouts and Jack Miller and sophomores Paul Lusk and Dale Turner.

**Ready For Anything**

The Trojans opened at home last season against Sparta and took a 34-13 victory. But what about this season?

"They've got a new coach from Oklahoma and a new gym," McClellan said. "So we'll have to be ready for anything."

After the Sparta game, the Trojans will start preparing for the home opener Tuesday night against East St. Louis. The Madison Conference season starts Dec. 6, when Roxana calls at Madison.

## Salvation Army Board Meets On Bldg. Plans

The Salvation Army advisory board, headed by Madison Postmaster Harry Johnson, is meeting this afternoon at the headquarters, 19th street and Grand avenue, to continue plans for acquisition of new and larger quarters and to prepare for the annual "Tree of Lights" fund-raising campaign.

Reports on the building are to be submitted by the youth and property committees.

A nominating committee also is to be selected to designate candidates for 1964 officers and for any additional board members that might be needed next year, Capt. Mildred Walker said.

The "Tree of Lights" campaign again this year will have a goal of \$4500. The drive, which will start Dec. 7, with a ceremony at the living "Tree of Lights" in Memorial Park, across from St. Elizabeth Hospital, is being led by E. A. Karandjeff, president of Granite City Trust & Savings Bank.

## Annual Rotary Christmas Contest

## Displays At Madison Homes To Be Judged

Again in 1963, the Madison Rotary club will sponsor judging of exterior Christmas lighting decorations at homes throughout Madison.

President Lewis Waggoner reports that the competition will be conducted on a basis similar to that of previous years. A committee is to be appointed, with a specific time for the judging to be selected.

Judges inspect all homes in the city before determining the identity of the winners and those accorded honorable mention.

While this year's prizes have not yet been announced, five \$20 awards usually are given out by the club. Illinois Power Co. joins the club in sponsoring the contest.

**Increasing Number**  
The holiday season in recent years has seen an increasing number of decorated homes in Madison, many of them involving elaborate displays and light-

ing effects. Quad-Cityans in large numbers drive past during evenings near Christmas and New Years to view the Madison displays—some festive and others with a religious theme.

Since all Madison residential areas are toured by the judges, whose identity remains secret, no formal registration is necessary in order to be considered.

The evening of the inspection will be announced in advance.

## License For Dobbs House Bar, Restaurant Issued

A Madison county retail liquor license has been obtained by William H. Thoele, operator of a bar and restaurant to be known as the Dobbs House.

The restaurant will be operated in connection with a new motel to be constructed in the Mitchell area. Dobbs House is the name of a chain of restaurants and bars located in air terminals and which cater to airlines mostly in the southeast and south.

Thoele is not yet ready to announce the operation as arrangements have not been completed, but the license was issued for the last two months of the year upon payment of a pro-rated fee of \$50. Thoele is president of the Madison County Motel Owners Association and is the new secretary-treasurer of the Illinois Innkeepers Association.

## Christmas Basket Aid To Agency Is Planned

Reports of church activities were given Monday evening at a meeting of the deacons of First Presbyterian Church. They were received by Harry Deatherage, chairman; Gene McGowan, secretary, and Rev. Dr. David B. Maxton, moderator.

Cameron VanBuskirk reported on Protegiant Welfare work, and it was planned to aid Protegiant Welfare with the distribution of Christmas baskets. Albert P. Busch will head the committee. The board also heard a report on communion plans by James Berger, and refreshments

were served by Cleo Evans.

It was announced that 18 new members were received this week, and a reception was given for them at the church.

They are Mrs. Connie Mitchell, Mrs. Jerry Green Stevens, Albert Lee Stevens III, Ronald Snelson, Mrs. Carol Snelson, Daniel William Houston, Mrs. Nancy Harris Seegely, Mrs. Francis (Marion) Clark, Miss Barbara Clark, Mrs. Lilian Taylor, Frederick Singler, Miss Patricia Warren, Miss Mary Jo Warren, Mrs. Opal Earmy, Mrs. Clara Conway and Miss Shirley Jean Morrison. Baptized were two young-

sters, Mark Alan and Jeffrey

Gene Cotter, sons of Mr. and Mrs. Wayne K. Cotter, and five of the adult new members.

## Venice Arson Attempt

A possible arson attempt was reported Tuesday to Venice police by the Venice fire department. Rags used by R. G. Harper, 1021 Logan street, to wipe off his auto were placed on a board between a garage and storage shed Nov. 23. Harper had told firemen. Someone apparently set the rags on fire in an effort to burn the buildings, it was noted.

## Pre-Christmas Sermons At Niedringhaus Church

With the beginning of the Advent season, the Rev. Dr. Paul Sims will begin a series of pre-Christmas sermons at Niedringhaus Memorial Methodist Church Sunday, it was announced today.

The sermon series on the general theme, "The Christ of Christmas," will be based on the prophecies of Isaiah concerning Jesus Christ.

Specific topics will be "The Wonderful Counselor," "The Mighty God," "The Everlasting Father" and "The Prince of Peace."

The sermons will be delivered in the morning worship services at 8:30 and 10:40 each Sunday prior to Christmas.

The choir of the church, under the direction of Warren Simpkins, will sing appropriate anthems throughout the month.

The Youth Choir will sing each Sunday in the 8:30 service and the Chancel Choir will sing in the 10:40 service.

Next Sunday evening, at 7:30, the Junior High Choir, directed by Dr. Earl Miller, will present special music.

On Dec. 8, the Junior Choir will sing, directed by Mrs. James Loy. The Chancel Choir, the youngest choir of the church, will sing on Dec. 15 at the 10:40 service, directed by Miss Diana Ju Thais.

On Christmas Sunday, Dec. 22, Mr. Simpkins will lead the combined Youth and Chancel Choirs in special anthems for both morning services. In the evening service at 7:30, all five choirs will be used in a choral Christmas program.

Chaplain Billy Cox of the Army Depot, who was in charge, read President Johnson's proclamation and conducted the opening prayer.

The remainder of the impressive ceremony was taken up with three ten minute memorial services by Rev. Paul Sims, pastor of Niedringhaus Memorial Methodist Church; Rev. Bodo Mehling, pastor of Peace Lutheran Church; and Rev. Dr. David B. Maxton, interspersed with silent meditation, prayer, and music by the church organist, Mrs. Frances Halding, who played softly throughout the service.

Rev. George Siegman, host pastor, gave the benediction.

Miss Schroeder Tours Nassau And Bahamas

Miss Hilma Schroeder, owner and operator of Holiday Service, returned Tuesday from a travel agent's "familiarization" trip to Nassau and the Islands of the Bahamas.

Miss Schroeder was invited by the Bahamas development board and the Bahamas Hotel Association to join approximately 105 travel agents from the United States and Canada for a "British Week-End" on the Island of Nassau.

In addition to visiting Nassau on the Island of New Providence, Miss Schroeder also visited West End and Freeport in the Grand Bahamas, and the new hotel facilities on Paradise Island.

The program included sight-seeing and social functions to acquaint the travel agents with the tourist facilities and also briefing sessions and meetings to enable the agents to exchange ideas of the travel industry.

## Rotarians Hear About Scotland From Minister

Rev. Harry Colquhoun, minister of the Presbyterian Church in Madison, told the Rotary Club about his native Scotland Tuesday afternoon at the YMCA.

Rev. Colquhoun covered most everything from climate to religion—notably, the average year-round temperature is about 32 degrees and about 75% of the people are Protestant, the rest mostly Roman Catholic.

The average Scot's income is \$75 a week, he said, and most folks live in city-owned houses for \$4 a week. This low rent helps out, since most other costs are comparable to those in the United States.

Few people in Scotland own refrigerators, telephones or cars, he said in noting they are much less materialistic than Americans.

## Rev. Buls Lists Program For Lutheran District

Rev. Alfred Buls, pastor of Hope Lutheran Church and president of the Southern Illinois district of the Lutheran Church—Missouri Synod, emphasized a program for the district in 1964 at a meeting recently in Muscatine.

He called for greater training for church officers, promotion of the "Train Two" lay Bible teacher instruction and recruitment program, informative discussion materials to enable church members intelligently to face race relations, a concerted thrust in local evangelism, development of greater activity of social welfare committees, more extensive saturation of mission education in the congregations and more person-to-person contact to secure loans for the district church extension fund.

## New Bid Deadline On Garesche Modernization

Complete exterior refurbishing of six-apartment building at the Ferd A. Garesche Homes, Madison, is the subject of a current bidding period, which has been extended from Friday, Nov. 29, to Thursday, Dec. 12.

Leite P. Brainer, executive director of the Madison County Housing Authority, told the Press-Record yesterday that more time is being allowed for contractors to submit proposals. The bids will be opened at 2 p.m. Dec. 12 at the MCIA office in Madison.

Firms obtaining plans and specifications so far for estimated bids are the R. and R. Construction Co., Alton, Skeels Building Materials Co. and Triangle Heating Co., both of Granite City, Lock Vent Co. and Joseph Minor, both of East St. Louis, and the Fred Warner Co. of Belleville.

The work includes construction of a brick screen wall for the first floor of the two-story frame building, known as Building No. 26, and installation of aluminum siding on the upper floor. A gable roof is to be added.

Described as a "pilot project," the building modernization will show how much it would cost to improve other apartments in this area. Along with improved exterior appearance, the work is expected to reduce maintenance, fuel, painting and other costs. Improvement of apartment interiors may be carried out separately at a later time.

**Everything that makes Corvair fun to drive is back** (with big new engines, to boot)

Still easy to handle, still easy to park, still has its rear traction, but—with its big new engines, Corvair fun hasn't changed this much since bucket seats. There's nearly 19% more power in the standard engine, a full 110 hp in an extra-cost version and 150 Turbocharged hp in the new Monza Spyder series. By the way, we've made the bucket seats nicer with a new kind of thicker, softer vinyl, and added sporty new front-door map pockets, too. Try out a new '64 Corvair Monza at your Chevrolet dealer's. If you're a Corvair fan from way back, you'll find the irresistible even more so—and wonder how anyone could ever have thought of Corvair as strictly an economy car. More than ever, you'll be glad we didn't.

## Nearly 450 Apply For 'Tree Of Lights' Holiday Baskets

Applications for "Tree of Lights" Christmas food baskets now is nearing the 450 mark. It was reported today by Salvation Army Capt. Mildred Walker.

The applications from needy families of the Quad-Cities seeking Christmas food, clothing and toys will be taken through Dec. 6 at the Salvation Army headquarters, 19th street and Grand avenue. They must be made in person.

Capt. Walker pointed out the \$500 goal for the "Tree of Lights" campaign is not expected to be increased because of the great demand. "We topped the goal last year and we hope to do it again this year," she added.

### In the campaign, the Salvation

Army serves as the community's clearing center for Christmas distributions. The campaign is aided by distributions made by churches, clubs, organizations and even individuals.

Through the clearing center, the possibility of oversight or duplication is avoided, Capt. Walker explained.

All applications being received are to be screened by the Salvation Army staff.

The program is important to the community," Capt. Walker said, "because of the spirit of the Christmas season and the great need of families, we are endeavoring to furnish at least some new clothing and some good toys as well as food to the Quad-Cities families."

The annual "Tree of Lights" campaign will start Dec. 7 with a ceremony at Memorial Park, across from the hospital.

### State License Plate Sale Starts Monday

The name Pharos (after the lighthouse on the Pharos island at Alexandria, Egypt) became the general term for all lighthouses. The term "pharos" has been used for the science of lighthouse construction.

Mrs. James Bryan Goins and children, Bertha and Bill, arrived from Dearborn, Mich., to spend the weekend with Mr. and Mrs. Zoli Goins and Mrs. Ruth Goins. They also visited Mr. and Mrs. Denny Walton and children Judy, Paula, Sheila and Chuck. ## Family Counseling Service Ready To Begin 2nd Month

Christian family counseling service, provided by the Quad-City Ministerial Association at the Protestant Welfare building, 2052 Edison avenue, is about to begin its second month.

For December, the pastors who will aid area families will be Rev. Truman Collins of Mt. Zion General Baptist Church, Rev. R. Paul Sims of Niedringhaus Meth-

odist Church, and Capt. Mildred Walker of the Salvation Army.

Appointments may be made by calling or contacting the Protestant Welfare office of which Mrs. Marie Whittle is secretary.

### Purpose Of Service

The purpose of Christian Family Counseling Service is to help individuals, and families to meet the pressures of modern life.

The ministers note the divorce rate in America is one out of four and getting more frequent. They believe positive steps can be taken to stop the trend.

The office is open every Monday evening, and arrangements can be made for other appointments.

With an increase in teenage marriages, the pastors point out, the chances of permanence is rare unless the young people receive help. The pastors believe that the majority of homes on the verge of breaking up can be saved.

"There are many contributing factors to unhappy homes," the

ministers report. "Most of the people involved do not understand their problems, and in some cases, being able to talk things over with someone who will listen and who has the spiritual force, will save the situation."

The pastors with experience, spiritual attainment and counseling knowledge, have available to them the legal, medical, social and psychiatry advice needed.

The service is available to all Quad-Cityans, and an appointment may be made by calling Mrs. Whittle at TR 6-8770.

Those serving during November were Rev. J. N. DiGiacomo of Mitchell Presbyterian Church, Rev. G. L. Kujauski of the First Church of God and Rev. W. F. Cravens of Cedar View General Baptist Church.

Alvin Barnes III, chairman of the event, said nominating forms may be obtained from any Jaycee or by writing to the Jaycees, Post Office Box 3, Granite City.

The local distinguished service award winner will be entered in the Illinois Jaycees contest, and the state winner will advance to the national competition for the choosing of America's Ten Outstanding Young Men.

Judging will be based on contribution to the community during the year; participation in all-around community activities; evidence of lasting contribution to the community; exhibition of leadership; evidence of personal or business progress and cooperation with individuals and civic organizations.

Judges for the contest will be Dr. Harold M. Kaiser, superintendent of schools; N. R. Brink, plant manager of A. O. Smith Corp.; Carl Mathias, manager of Illinois Power Co.; Harold R. ## Beware Of Shoplifters And Thieves When Doing Your Christmas Shopping

Unfortunately, as soon as Christmas shopping begins in earnest, shoplifters and petty thieves turn out in full force.

There are several things you can do to prevent being the victim of theft.

First step: When you arrive at a store, be sure you lock your car.

Once inside the store, keep a firm hold on your purse at all times. Never set it down on the counter out of your direct sight. (It's smart to carry a shoulder strap bag when shopping—stylish, or not).

Men would be wise to put their billfold in the inside pocket of their coat. If it is carried in the hip pocket of slacks, be sure the pocket is buttoned.

Women should carry a handbag that closes tightly at the top. Open-top bags are a real invitation to thieves.

When paying for a purchase, be careful in showing how much cash you are carrying, especially if it is a considerable amount.

It's wise, too, to check your purse or pocket every few minutes to make sure you have your wallet. The sooner you report a theft, or loss, the better your chances are of having the item recovered.

If you will put all of your packages into one or two large sacks or shopping bags, it will be easier to keep up with them. Small packages, especially, have a way of disappearing.

The suggestions are good ones to follow at any time of the year, but do be extra cautious now when stores are so crowded.

# Old Custom Is Revived

The old custom of Christmas carol singing, so popular in European countries in the Middle Ages, is being revived by music-loving Americans.

And what nicer way to mark the holiday than by gathering a few friends for group singing of the beloved old carols, with egg-nog and fruit cake to follow? In olden times people sang to the accompaniment of flutes and fiddles, but today the LP record has become a favored accompaniment.

Recognizing this trend, RCA

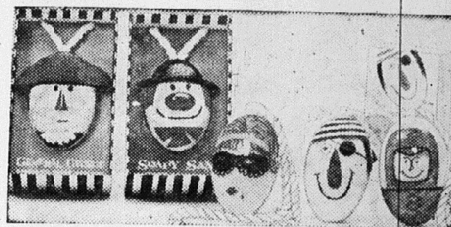

Victor has introduced a "Victrola" with a "Sing Along" microphone for just such occasions. This is a deluxe portable model for stereo as well as mono, and could be used for carol singing in the schools and for other large groups as well as for home use.

Did you know the Christmas carol grew out of old dance tunes? Centuries ago a round dance known as the "chorea," the Latin word for "round," or "charalues," the French word for "flutist," was the most popular form of entertainment with

the light-hearted people of France, especially on holidays and feast days. Later the "chorea" became popular in England as well and the music was always an important part of the dance.

Other forms of dancing and entertainment replaced the round dance but the music gained rather than lost in popularity. Even today French music is still rich in refrains of these old songs, which gradually became a special part of the Christmas observance.

Meanwhile, the French word "charalues" had become the good English word, "carol" and the English had adopted the round dance and the music with it. In England as in France, the round dance was replaced by other forms of dancing but the old tunes remained popular and were adapted to new verses and

sung at Christmas time.

Christmas hymns had been sung in the churches of England since the Fourth Century and later the religious play became a featured part of the Yuletide

observance. Religious folk songs were interpolated in the plays and songs of wassailing and feasting vied with those about shepherds, angels and the Magi at Christmas.

## Blender Will Help Lighten Cooking

Any cook worth her salt wants pleasure from preparing food. Yet, for many women, the holidays represent slavery over a hot stove.

Use an electric blender as the chef's helper, and you can simplify kitchen chores and save hours of hard work.

One blender, for example, will mince onions; mix pan-cakes; grate cheese; blend bat-ters; even 'fresh-grind the cof-

fee. It will also liquefy, churn, puree, emulsify, homogenize—and chop.

Here are two tested recipes, using a blender, from the home economists of the John Oster Co.:

### HOT SPICY APPLE EGGNOG

2 eggs, separated  
1/4 cup sugar  
Dash of salt  
1/2 teaspoon cinnamon  
Dash of nutmeg  
2/3 cup apple juice  
4 cups scalded milk  
1/2 cup whipped cream  
Mix egg yolks, sugar, salt, cinnamon, nutmeg, and apple juice in Osterizer and blend until sugar is dissolved. Add 1 cup scalded milk slowly. Pour

this mixture into the remaining scalded milk and quickly fold in stiffly beaten egg whites. Pour into hot eggnog server or carafe and serve topped with mound of whipped cream.

### HOLLY SPREAD

8 oz. Swiss cheese cut into 1-inch cubes  
6 pimento-stuffed olives  
1/4 small green pepper  
1/4 cup mayonnaise  
Put cheese into Osterizer container and cover. Grate by turning on and off, on and off. Stop and add olives and green pepper. Cover and turn on and off once more. Empty into mixing bowl and moisten with enough mayonnaise to make a thick paste. Chill before serving. Yield: 1 1/2 cups.

## Quality Gifts For Fisherman For Christmas

To ardent fishermen, the next angling outing is always just around the corner—even in the midst of winter. If Dad likes fishing, an outboard motor represents an ideal Christmas present. Just watch him begin planning his first early spring fishing trip.

When shopping for an outboard motor, several factors should be considered. McCulloch Corporation, the outboard motor manufacturer, offers tips to Mom and children on how to make the proper choice.

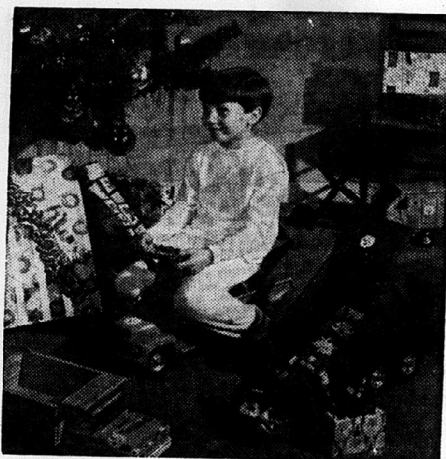

If you don't already know, a bit of sleuthing will turn up Dad's favorite lake and the type of fishing he prefers—trotting, exploring the weedy areas, drift and still fishing or surface plug-ging.

The outboard motors most frequently used for fishing include those with horsepower ratings of 3½, 7½, 9½ and 14. The particular one for Dad depends on several factors.

If he likes to troll, select a motor that will idle for long period of time and perform well at slow speeds.

If he fishes in a large lake, a 14 horsepower outboard motor would be a good choice. With it, he can cover long distances in a short time and have more fishing hours.

Many fishermen seek out weedy areas for the bigger fish. Weeds used to play havoc with standard outboard motors, but now special weedless versions are available, specially designed to shear smoothly through such patches.

**GIVE STURDY TOYS,** say child psychologists, because children become emotionally attached to them and will find much more satisfaction in the toy that lasts. One material that can be depended upon to withstand the rough treatment all toys receive is steel. Look for toys such as the steel truck shown here when shopping for Christmas gifts.

## Making Christmas Cards Is Fun And Easy To Do

All you need, to make your own distinctive Christmas cards, is a little artistic talent, lots of spare time, plenty of patience and some scraps of cloth!

If you have these things, then this article is for you!

The first step is to select the envelope. It's much easier to cut your cards to fit the envelopes than to have to make or try to find envelopes to fit your cards.

Start with a nice piece of card-weight paper, folded in half so your message can be written inside.

Next, sketch or trace the design you like (keep it very simple) onto a piece of tracing paper. Then transfer the sketch to your card by means of carbon paper. Try to keep the pencil lines light.

Now you're ready to cut the pieces of fabric that you will paste into position on the card. To do this, use the original design and trace the section you want on the back side of the fabric. Cut out and paste into place.

Small feathers, beads, braids, woven tapes, lace and dollies can be used, too. Just make sure that you use a good glue.

CHRISTMAS MORNING the girls will be ready to try out their new roller skates, dressed fashionably and warmly in these "patched" outfits.

## Some Hints On Making Up Card Lists

Those gay Christmas cards that decorated mantel and mirror and tree can serve a practical purpose when you take them down.

That is the best time—and they are the simplest means—

for making up your 1964 Christmas card list. If the list is revised now, while new names and addresses are readily at hand, the addressing of cards next Christmas will be almost effortless.

For those to whom maintaining a list is a problem in itself, the card maker offers a number of easy solutions, some of which are available in stores and others hand-fashioned at home.

If your list runs to several

hundred people and you must of necessity be meticulous about it, then probably the best system is to post the names and addresses on file cards and index them in a small file box. An advantage of this system is that the cards offer ample space to jot down information about the person and his family as it is received during the year.

For those with shorter lists, the personal telephone directory is a handy reference. A tiny

check mark beside a name may be used to indicate that you two exchanged cards the previous Christmas. A second mark could be used for those to whom you send gifts.

Hallmark cards this year created a special combination card and booklet for Christmas addresses. It is 5x6 with eight spiral-bound pages. A humorous verse appears at the top of each page and the last sheet extends a Merry Christmas to

the recipient.

Hallmark, as well as other greeting card firms prepare date books each year which are ideally suited for compiling Christmas address lists! The date book is part calendar and part address pad, and here again there's a place on which to note birthdays, anniversaries and other special occasions of the coming year. These are available without cost at stationery counters in stores.

# Toys 'Predict' Many Things Of The Future

For years, toys used to be miniatures of things used in the adult world. This Christmas, many are scaled-down versions of the world of tomorrow.

On a stroll through toyland for example, you'll see the "Wing

Thing." This bat-like flying device has a 52 inch wingspread and is 36 inches long. Children can fly it like a kite, or under power from its small gasoline engine. It climbs to about 300 feet, and when the engine runs

out of fuel, it continues to swoop and soar before returning gently to earth.

The "Wing Thing" is actually the smaller version of something called a flexwing, which will help return our astronauts from outer space in Project Gemini. Significantly, the toy version is available for children before the astronauts have the real thing.

If your imagination has been captured by predictions of automated highway systems, take a look at Autorama. Little cars travel on complex highway systems with turn-offs and cloverleaves — all by remote control.

And there's even a remote control car thrill show with the "Fly-Over Chicane." The little cars race up a ramp, hurtle off into space, change lanes in mid-air, land safely on the other side, and keep on going.

Even that old standby the Erector set has turned toward the future in 1963. Redesigned for the first time in 50 years, the perennial favorite now boasts a motor that can be preprogrammed to perform several different functions in sequence.

The addition of streamlined girders, solid-color panels and plastic domes make it possible

for boys to build working models of planetary probes, lunar vehicles and other space exploration devices still on the drawing boards of space engineering firms.

And if science fascinates you, there's a new chemistry set called "Chemistry of the Space Age." It provides for growing plants space-ship style, without soil, using artificial plant nutrients.

It also contains atomic-irradiated bean seeds for would be Jacks-in-the-Beanstalks. While the bean plants may never get quite that tall, they will give you a sample of what may develop into whole new varieties of plants.

With these and many more playthings, it's the Spirit of Christmas Future that's making fantasy come true in toyland this year.

### IVC Mailing Annual Income Questionnaires

Veterans and widows receiving monthly payments of pension or death pension from the government will receive their Annual Income Questionnaire cards with checks received for the month of November.

Joseph D. Wetton, local secretary, Illinois Veterans' Commission today issued a reminder that veterans and widows who receive government payment of pension or death pension are entitled to such benefits under income limitations. Wetton pointed out that benefits are payable on an annual year basis and each recipient of payments is required to file an Annual Income Questionnaire report.

Wetton urged recipients of such Questionnaire cards to contact his office for assistance in completion of their Annual Income Questionnaire. Proper completion relative to annual income and net worth is essential in securing a continuation of entitlement to benefits for the next annual year.

Wetton's office is on the second floor of the city hall of Granite City and is open Mondays through Fridays from 8:30 a.m. to 5 p.m., except holidays.

### Jaycees Yule Home Lighting Contest Open

Granite Cityans are being reminded by the Jaycees that the organization again in cooperation with Illinois Power Co. will sponsor the annual Christmas home lighting contest.

Entries will be received until Dec. 20, and judging is to take place Dec. 23 to 27, according to the contest chairman, Donald Young.

Two divisions with \$100 cash awards in each division, will be judged this year. In past years there has been only one division.

Chairman Young said the first division is for displays ranging in cost from \$0 to \$150, and the second division for displays costing \$150 or more. Awards in each division will be \$50 for first place, \$25 for second, \$15 for third and \$10 for fourth.

Entry blanks may be obtained from the Jaycees or from the power company office.

## Ways To Use Christmas Seals

Everyone is eager to use Christmas seals on envelopes and packages at Christmas-time because they know that by using them they are helping a most worthy cause. However, it is possible to put those seals to other decorative uses as well.

Why not decorate your tree with Christmas Seals . . . the

design for this year is colorful, as always, and will provide a wonderful touch.

For instance, you might try taping a row of seals around the center of your solid-color bulbs as an attractive trim.

Or, you can cut bulb shapes out of cardboard, cover them with seals and hang them with

string on branches for unique, colorful ornaments.

If you're really ambitious, try designing a Christmas scene on a poster board with seals, to create an unusual holiday decoration.

Indicate a simple drawing with a holiday theme, such as a reindeer or an angel, in pencil, then follow the outlines with seals. Place seals along border of your design to frame it. Set in one of your windows or over the mantel for an eye-catching display.

You may think of other ways of using Christmas seals in holiday decorations . . . do use them!

**SLOPE SPECS** make a great gift for the gal who skis. They're glamorous, lightweight, distortion-free and will not fog or mist. They come in several colors, in a chic case.

## there's an electric gift for every person on your list

**FACT:** There's an electric gift to please everyone, to fit every purse.

And there are more than 100 electric gifts to choose from. To name a few . . . toys, games, clocks, lamps, toasters, roasters, ranges, mixers, blenders, washers, dryers,

## How Christmas Charity Began

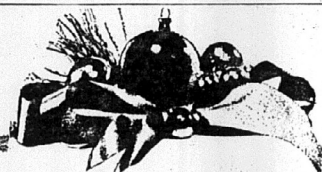

The tradition of alms-giving at Christmas began with a legend, as did so many other holiday customs. It was believed at one time that the Christ Child went from door to door during the holiday season, disguised as a beggar, and asking alms, in search of kind and deserving souls.

Since no one knew when or where He might appear, Chris-

tians feared to turn beggars from their door lest they unknowingly turn away the Christ Child.

Thus began the custom of charity to the poor at Christmas-time; today this charity is still practiced, but not out of fear... rather, it is done out of love, generosity and thankfulness by those who have been materially blessed.

Don't envy the fellow who was born with a gold spoon in his mouth—chances are it had some one else's initials on it.
